

The **Most Popular** Model for Single-Family Homes

Quiet

This central vacuum is amongst the most silent vacuums on the market, so you can clean at any time, without disturbing the entire household.

Convenient

Like most of our models, you can use this vacuum unit with or without a bag, at any time! The bag is full and you're out of extras? Just remove the bag and the bag adaptor, and the self-cleaning filter of your central vacuum will do all the work!

Powerful

Due to its outstanding general performance, this model is as convenient for condos as for average-sized homes.

Non-allergenic

Given its exceptional filtration system, you're sure to benefit from a healthier environment, whether you use it with a bag or without one! Indeed, all our models are equipped with a Cyclofiltre™ that has been provided with an antimicrobial treatment, so as to prevent the growth of mold, bacteria, and fungi that may be associated with allergies.
